

WHICH FAFSA DO I COMPLETE?

Depending on the timing of your enrollment, you may need to complete more than one FAFSA to fully calculate your Federal Aid Eligibility. Please read the following and take the necessary action to complete your Federal Student Aid application process.

- ❖ If you plan to enroll for classes between July 1 of prior year – June 30 of current year, you will need to complete the FAFSA for the current academic year only.
 - *Example: A student enrolling for June 19, 2023 (prior year) OR a March 18, 2024 (current year) class start will complete the FAFSA for the 2023-2024 Academic Year.*

- ❖ If you plan to enroll for classes between July 1 – June 30 of current year, you will need to complete a FAFSA for both the current and subsequent academic year.
 - *Example: A student enrolling for an April 4, 2020 class start will complete two (2) FAFSAs. One for the 2019-2020 Academic Year AND one for the 2020-2021 Academic Year.*

- ❖ If you plan to enroll for classes between July 1 of current year – March 20 of subsequent year, you will need to complete the FAFSA for the subsequent year only.
 - *Example: A student enrolling for a July 19, 2020 class start will complete the FAFSA for the 2020-2021 Academic Year.*
